Dear Mr. Nelson:

Re: FUTURA Portable Heat Sealers

Thanks very much for sending in our reply card.

As you requested, we are enclosing now a catalog sheet on the FUTURA Portable Heat Sealers.

The new FUTURA sealers have no screws, bolts, nuts, or any soldered parts. Handle remains cool. There is no burning hazard for the operator. No service or maintenance is required.

All three models make perfect seals by hand or foot pedal. Price of \$39.95 includes foot pedal and is postage paid to your plant.

If you have more questions, let us know please the details of your specific application, the product to be packaged and send sample of bag that you are using. Another self-addressed reply card is enclosed for your convenience.

Very truly yours,

PACKAGING AIDS CORPORATION
